

What have other teachers said about SWAP?

- The students were highly motivated and enthusiastic. The SWAP team are always highly organised, interesting and professional delivery. (Kim Woodward, Heathfield school April and May '09)
- The learners found the workshops interesting and were more informed about the effects on the environment. (Mandy Starks, Somerset Skills and Learning, June '09)
- Great introduction to what we are about to study, particularly the different types of plastics, their properties and problems. (Natasha Stearn, West Somerset Community College, 7th Nov '08)
- Excellent – I would like to make this a regular thing each year with my tutor groups. It links into Every Child Matters and the wider environment.(Michelle Dennett, Yeovil College, 22nd and 27th Jan '09)
- Relevant to all levels/year groups of science. For year 7 a good introduction to eco friendly recycling, follows on from work in KS2. All enjoyed the workshop especially the activities. A very good presentation. Included all members of the class, all pupils interested. (A Webber, Haygrove, 4th Feb '09)
- Thank you for your involvement in our Year 10 enrichment day, all the students now understand the importance of being able to rethink their attitudes to environmental issues. (Mrs E A Osborne, Courtfields Community School, 12th Feb '09)
- Liked the hands on activities. (Mike Edmonds, Chilton Trinity, 23rd Feb '09)
- The students enjoyed it and gained knowledge, they were fully engaged. The fun group work tasks were thought provoking and led to much discussion. (Jacqueline Jesty, Ansford school, 12th March '09)
- The activity with the examples rated highly. (Scott Ellwood, Heathfield, 23rd April '09)
- The SWAP officer did exactly what I asked. She was very accommodating, aimed her presentation at a perfect level for the kids and helped them to think about some of the important issues around food waste. This was just what I needed. Thank you!!! (Lou Panetta, Shapwick school, 18th May '09)
